PURPOSE

To ensure that all excursions and incursions undertaken by the Service are carefully planned and conducted in a safe manner, maintaining children's health, safety and wellbeing at all times in

accordance with Education and Care National Regulations. We believe excursions/incursions provide the children with the opportunity to expand and enhance their skills and knowledge gaining insight into their local and the wider community. We are committed to complying with all relevant regulations to support the planning, authorisation, supervision and risk management of all excursions and incursions. This includes ensuring the safe use of digital technologies and online environments during excursions and incursions, in line with our policies to protect children's privacy, safety and wellbeing.

SCOPE

This policy applies to children, families, staff, educators, management, approved provider, nominated supervisor, students and volunteers of the Service.

IMPLEMENTATION

Under the Education and Care Services National Regulations, the approved provider must ensure policies and procedures are in place for managing excursions. (ACECQA, June 2021). Excursions and incursions will be conducted with the children's safety and wellbeing in mind at all times. We may regularly schedule incursions and visitors to our Service however, if we feel an excursion will benefit the children and offer a valuable experience, we will adhere to the National Regulations and Service policies and procedures to plan and manage an experience that is enjoyable and educational for children. This policy relates to excursions that may be a 'regular outing' or a one-off excursion for a particular purpose and incursions, where visiting performers, groups or community services may visit our Service.

- (a) a child or children leave the education and care service premises in the company of an educator and
- (b) the child or children do not leave the school site

Regular outing: in relation to an education and care service, means a walk, drive or trip to and from a destination

- (a) that the service visits regularly as part of its educational program; and
- (b) where the circumstances relevant to the risk assessment are *substantially* the same on each

diversity. This could include a visit from a dentist, the Rural Fire Service, an Aboriginal Cultural awareness group, science or reptile show or a musical or drama performance. Some incursions may be offered free of charge whilst others may incur a small participation cost.

CONSIDERATIONS FOR EXCURSIONS AND INCURSIONS
